## Hi Michael:

Thanks again for meeting with us this afternoon. Attached please find a proposed AOC schedule based upon our discussion today:

Proposed AOC Schedule.xls

I'm not sure what the final format will look like in terms of calendar dates vs. days, but I believe this captures the essence of what we discussed. If you can get back to me sometime next week with your comments on this schedule, then Deborah and I will finalize it as an amendment to Section XXV of the Order and send it to Doug for his signature. Our Director will then sign and it, and will become part of the AOC by amendment

I realized after our meeting today that I have a schedule conflict the week of January 24, and may not be able to make it out to the site for the field work. Do you still think you will be drilling or sampling on Friday the 28th? If so, I would like to come out Thursday afternoon/evening and spend Friday on-site. If not, then perhaps Phil and/or Mary can come out earlier in the week.

Thank you

Rob
